## 1. Six themes driving Liberia’s review

SDG 4 · Quality Education

**4 Investing in People as a Growth Strategy**

Teacher incentives, school feeding for 239,000 students and new STEM facilities treat human capital as a core driver of growth, not a residual cost.

SDG 8 · Decent Work & Economic Growth

**8 Growth That Reaches the Many**

Inflation fell from 12.8% to 4.0% as a new Youth Entrepreneurship Bank backs 30,000 businesses and agriculture broadens shared prosperity.

SDG 9 · Industry, Innovation & Infrastructure

**9 Honest Accounting on Infrastructure**

Over 680 km of roads improved and electricity access rose to 37%, with candid acknowledgment of the gaps that remain.

SDG 13 · Climate Action

**13 Climate as Livelihood Investment**

NDC 3.0, a first National Carbon Policy and women-led savings associations tie emissions cuts directly to rural livelihoods.

SDG 16 · Peace, Justice & Strong Institutions

**16 Governance with Fiscal Dividends**

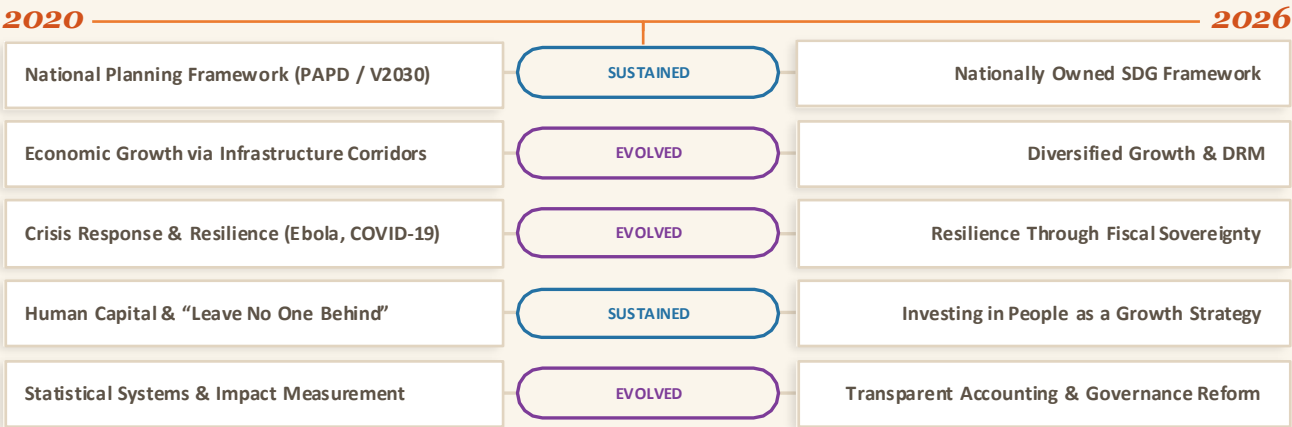

A debt audit rejected unsupported claims and reform uptake nearly tripled, and Liberia ranked among Africa’s 10 most peaceful nations in 2025.

SDG 17 · Partnerships for the Goals

**17 Domestic Resource Mobilization (DRM)**

Digitized tax systems and disciplined spending delivered a surplus above target, clear evidence that transparent institutions, not aid dependency, finance the SDGs.
