

MALAWI

Anchored in Malawi 2063 — pursuing resilience, inclusion and innovation despite recurrent climate shocks.

This is a draft document prepared for consultation and review. The content is subject to revision and should not be cited or circulated as a final version.

1. Six themes driving Malawi's review

SDG 1 · No Poverty

1

Social Protection & Inclusion

Poverty reduction is supported by expanded social protection — cash transfers and community-based initiatives that strengthen household resilience.

SDG 4 · Quality Education

4

Education & Future Skills

Gains in primary enrolment, stronger support for girls' education and new digital learning initiatives prepare youth for a changing labour market.

SDG 7 · Affordable & Clean Energy

7

Expanding Energy Access

Energy access is expanding through grid electrification, off-grid solar, clean cooking technologies and renewable energy investment.

SDG 9 · Industry, Innovation & Infrastructure

9

Infrastructure & Rare Earths

Investment in roads, trade facilitation and digital connectivity advances, with major opportunity from newly discovered world-leading rare earth deposits.

SDG 13 · Climate Action

13

Building Climate Resilience

After Cyclone Freddy (2023), Malawi integrates resilience into planning through national adaptation strategies and community-based disaster risk management.

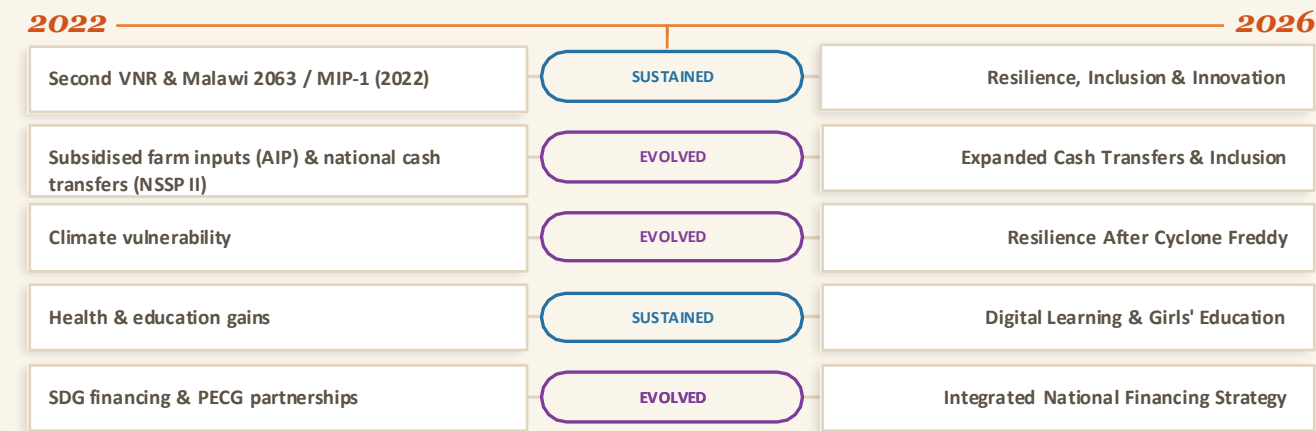

SDG 17 · Partnerships for the Goals

17

Financing & Means of Implementation

Malawi strengthens domestic resource mobilisation, partnerships and statistical systems under the Integrated National Financing Strategy.

2. Theme continuity across review cycles

3. Recurring concepts in the Key Messages

Malawi's review centres on climate resilience, social protection and a financing push under Malawi 2063. Numbers indicate the frequency of references to the concept in the Key Messages document
