

Mozambique

Consolidating peace, stability and national unity as the foundation for inclusive, sustainable socio-economic development.

This is a draft document prepared for consultation and review. The content is subject to revision and should not be cited or circulated as a final version.

1. Six themes driving Mozambique’s review

SDG 1 · No Poverty

1

Poverty & Social Protection

Poverty remains a challenge at ~68.2%; basic social protection now covers 15.1% of households, prioritising women, youth, the elderly and people with disabilities.

SDG 3 · Good Health & Well-being

3

Improving Health Outcomes

Infant mortality fell from 52.8 to 39 per 1,000 (2020–2023) and maternal mortality from 408 to 233, while institutional births rose to 65%.

SDG 5 · Gender Equality

5

Gender Parity & Women’s Voice

Mozambique reached gender parity in primary enrolment and women hold 39% of Parliament seats — chairing the body — with stronger responses to GBV.

SDG 6 · Clean Water & Sanitation

6

Wider Water & Energy Access

Access to drinking water rose from 49.6% to 53.6% and energy access from 32.1% to 35.8% between 2019/20 and 2022/23.

SDG 8 · Decent Work & Economic Growth

8

Gas Revenues & Demographic Dividend

Rovuma Basin gas reserves offer revenue to build human capital and infrastructure, while a young population presents a demographic strength to harness.

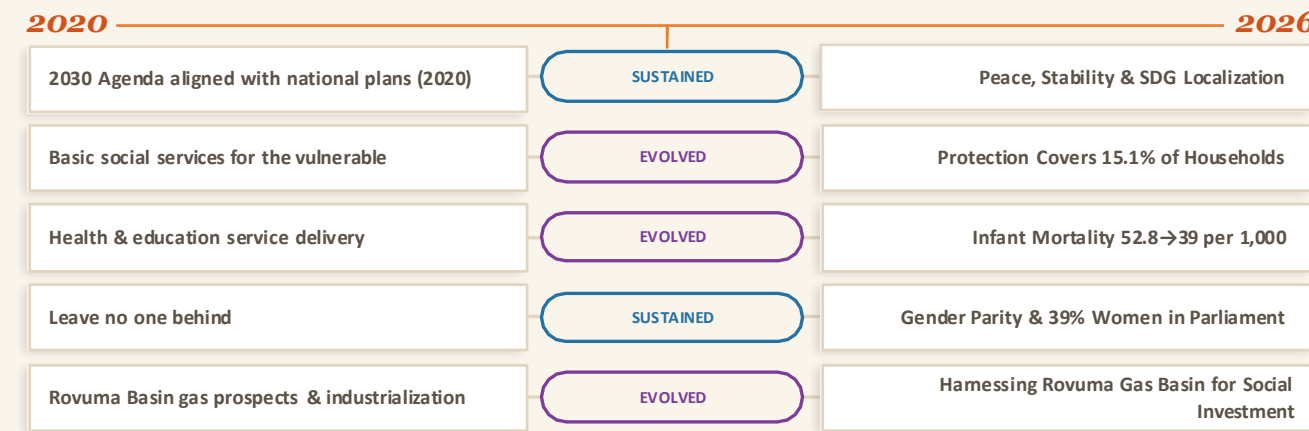

SDG 16 · Peace, Justice & Strong Institutions

16

Peace & Political Stability

Mozambique consolidates national unity, peace and political stability as the foundation for sustainable development, despite extremism in the north.

2. Theme continuity across review cycles

3. Recurring concepts in the Key Messages

Mozambique’s review centres on peace and stability, social protection and the opportunity of Rovuma gas. Numbers indicate the frequency of references to the concept in the Key Messages document
