

RWANDA

Strong macroeconomic and social progress under the National Strategy for Transformation and Vision 2050.

This is a draft document prepared for consultation and review. The content is subject to revision and should not be cited or circulated as a final version.

1. Six themes driving Rwanda’s review

SDG 1 · No Poverty

1

Broad-Based Growth & Poverty Decline

GDP grew about 9% a year (2021–2025), poverty fell from 39.8% in 2017 to 27.4% in 2024, and life expectancy reached 70.2 years.

SDG 6 · Clean Water & Sanitation

6

Near-Universal Water Access

Improved water access rose from 22.6% of households in 2005 to 89.7% in 2024 and sanitation to 72.4%, though an urban–rural gap persists.

SDG 7 · Affordable & Clean Energy

7

Expanding Clean Electricity

Electricity access jumped from 21.5% in 2014 to 84.6% in 2025 with renewables at 52% of generation, though ~75% of households still use firewood.

SDG 9 · Industry, Innovation & Infrastructure

9

Made in Rwanda & Regional Hub

Industrial growth of ~10% lifted exports to USD 5.7bn and the export-to-import ratio to 75%, with AfCFTA integration and Bugesera airport by 2027.

SDG 11 · Sustainable Cities & Communities

11

Climate-Resilient Urbanisation

The urban population rose from 18.4% to 28.4% since 2016/17, with 68% in planned settlements and reforms promoting scalable, affordable housing.

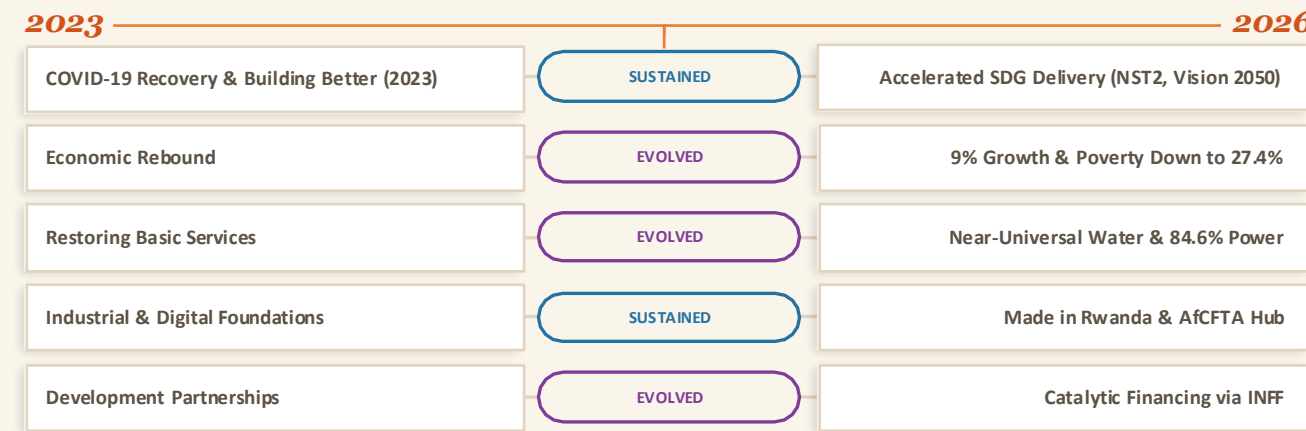

SDG 17 · Partnerships for the Goals

17

Catalytic SDG Financing

Guided by the INFF, Rwanda leverages public funds via PPPs and blended finance to close a ~9%-of-GDP (USD 1bn) annual SDG financing gap.

2. Theme continuity across review cycles

3. Recurring concepts in the Key Messages

Rwanda’s review centres on broad-based growth, near-universal services and catalytic financing under Vision 2050. Numbers indicate the frequency of references to the concept in the Key Messages document
