

SOMALIA

A transition from fragility to resilience and sustainable development under the National Transformation Plan 2025–2029.

This is a draft document prepared for consultation and review. The content is subject to revision and should not be cited or circulated as a final version.

1. Six themes driving Somalia’s review

SDG 1 · No Poverty

1

Poverty on a Downward Path

The national poverty rate fell from 69% in 2017 to 54.4% by 2022, though it stays acute among nomadic (81.5%) and rural (74.3%) communities.

SDG 4 · Quality Education

4

Investing in Human Capital

The education budget rose to 9.4% of the federal budget and 3,000 teachers are joining the payroll, despite heavy reliance on donor funding.

SDG 6 · Clean Water & Sanitation

6

Widening Access to Safe Water

Households using an improved drinking-water source rose from 67% in 2019 to 77.7% in 2022, during the rainy season, building drought resilience.

SDG 13 · Climate Action

13

Confronting Climate Shocks

A deepening 2026 drought has caused crop failure, livestock losses and displacement, with 40% facing high acute food insecurity (IPC Phase 3+).

SDG 16 · Peace, Justice & Strong Institutions

16

Security & Sovereignty Restored

The 31-year arms embargo was lifted under UN Resolution 2714 and Somali National Army offensives weakened Al Shabaab; Somalia now sits on the UN Security Council for 2025–2026.

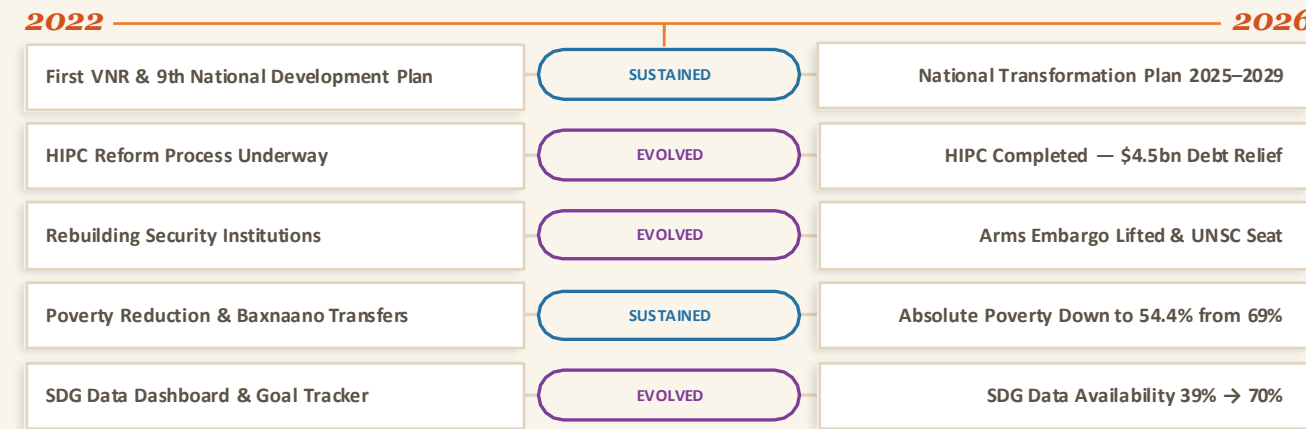

SDG 17 · Partnerships for the Goals

17

Debt Relief & Fiscal Recovery

Completing the HIPC Initiative secured over \$4.5bn in debt relief, cutting external debt from 64% of GDP in 2018 to 12.4% by 2025.

2. Theme continuity across review cycles

3. Recurring concepts in the Key Messages

Somalia’s message centres on restored security, debt relief and a transition from fragility to resilience under the NTP 2025–2029.

Numbers indicate the frequency of references to the concept in the Key Messages document
